GUIDE de présentation

L'illustratrice et artiste Virgen, en collaboration avec le MAIF Social Club, vous embarque de nouveau dans son univers à travers ce kit créatif !

Dans un monde traversé par de nombreuses crises sociales et écologiques, il est parfois difficile de savoir comment agir. Pourtant, tout comme certaines plantes qui réussissent à se frayer un chemin dans les fissures du béton, les solidarités, les alliances et les actions collectives peuvent émerger partout.

À travers cet atelier, les participants sont invités à imaginer et créer leurs propres messages de résistance joyeuse, en combinant des mots, illustrations et symboles. Ces créations sont autant de petites graines qui peuvent faire germer de nouvelles idées et façons d'agir ensemble.

Mais ce n'est pas tout !
Une fois leurs fanions réalisés, ils viendront les assembler pour former une grande guirlande collective, faite de slogans, de couleurs et de symboles, qui pourra être suspendue dans l'espace de leurs choix. Chaque création deviendra alors une voix dans un message commun.

Ce kit contient :
*** un petit guide et des préparatifs**
*** une notice**
*** le fanion**
*** les éléments graphiques à combiner :**

*** PLANCHES D'ILLUSTRATIONS**
Planches 1 : Faire lien
Planches 2 : Manifester / Résister
Planches 3 : Prendre soin
Planches 4 : Se libérer
Planches 5 : Célébrer / Fêter
Planches 6 : Les symboles

*** PLANCHES DE MOTS À COMBINER**
Planches 7 : Débuts de slogans
Planches 8 : Compléments de slogans

L'occasion idéale pour réfléchir ensemble à ce que signifie agir collectivement, inventer de nouvelles manières de faire société, prendre soin les uns des autres et célébrer la force de nos liens.
